Introduction

Dear Candidate,

Thank you for your interest in Disability Positive, a charity that has dedicated itself to the lives of people with lived experience of disability and long-term conditions, and their families across Cheshire and surrounding areas since 1992.

We pride ourselves on being a great place to work and progress, and we employ an amazing workforce of over 70 people. We have experienced substantial growth since inception and our services have successfully increased to the point that we are well recognised as a trusted, influential, and supportive organisation; providing services, opportunities, and voice to over 10,000 people with lived experience of disability and long-term conditions per year.

We know it matters, as we live with disability and long-term conditions too.

We hope that you are the kind of person we are looking for, someone; organised, driven and professional to work within our Community Engagement Team. If you are interested in the role, please return your completed application to hr@disabilitypositive.org

We'd love to hear from you.

Lynne Turnbull
Chief Executive Officer

Who are we?

We are Disability Positive.

We are a charity based in Cheshire and work mostly in the North West. We love working with others who think like us.

We provide services, opportunities and a voice to people living with disability and long-term health conditions and their families.

We have services to help people with everyday life, being part of their local community and looking after their own wellbeing.

We can offer advice, help with practical tasks and advocate for people in lots of different situations.

We listen and share people's experiences to influence positive change in government policy.

We know it matters, because we live with disability and long-term health conditions too.

Our Values

- **Positive:** It's not just our name, it's how we approach every challenge and opportunity.
- **Collaborative:** We don't believe we can do everything ourselves; we love working with others who think like us.
- **Representative:** We are here to be the voice of people living with disability and long-term health conditions.
- **Ambitious:** We are not going to change the world without thinking big.
- **Trustworthy:** We need to be a place where people feel safe and can come freely for honest and impartial advice and support.

The social model of disability is the starting point for everything we do and is the idea that people are not disabled by their condition, but by a world that doesn't meet their needs.

Policy influencing is what we do to influence positive change with local, regional and national government. We want to be a voice for our members and people with experience of disability and long-term conditions and use their views and experiences to influence the kind of changes we want to see.

We are governed by 11 trustees who are known as our Board of Trustees. The Board of Trustees are both Directors of the company for the purposes of the Companies Act 2006 and Charity trustees for the purposes of the Charities Act 2006.

The Board of Trustees are responsible for the governance of Disability Positive. Our Board of Trustees have lived experience of disability and long-term conditions and bring a mix of skills that are essential to good governance, ensuring that our activities are conducted in line with our charitable objects, as detailed within our Articles of Association. In addition, we have over 240 members of the charity who all have lived experience of disability and long-term conditions.

Day-to-day management is delegated to the Chief Executive Officer and Senior Staff through a Scheme of Delegation of Board Authority.

We currently employ 53 FTE staff (68 people), with additional support across our services through volunteers. 67% of our workforce also have lived experience of disability and long-term conditions.

Our Organisation Chart

Future Plans

We have finalised our new Strategy 2020 - 2023, with a focus on three strategic themes:

- Positive about offering services that suit the needs of people with lived experience of disability or long-term health conditions.
- Positive about providing the opportunity for people with lived experience of disability or long-term conditions to be part of community life.
- Positive about giving a voice to people with lived experience of disability or long-term health conditions.

We are in a strong financial position, with a robust balance sheet and reserves policy which has supported and should continue to support expansion of our services.

A major part of our income comes from delivering services under contract with a number of Local Authorities and Clinical Commissioning Groups in Cheshire East, Cheshire West and parts of the North West. We also provide a number of services that individuals purchase directly from us.
