Introduction

Dear Candidate,

Thank you for your interest in Disability Positive, a charity that has dedicated itself to the lives of people with lived experience of disability and long-term conditions, and their families across Cheshire and surrounding areas since 1992.

We pride ourselves on being a great place to work and progress, and we employ an amazing workforce of over 70 people. We have experienced substantial growth since inception and our services have successfully increased to the point that we are well recognised as a trusted, influential, and supportive organisation, providing services, opportunities, and voice to over 10,000 people with lived experience of disability and long-term conditions per year.

We know it matters, as we live with disability and long-term conditions too.

We hope that you are the kind of person we are looking for, someone; organised, driven, and professional to work within our Arrangement of Care and Support Service team.

If you are interested in the role, please return your completed application to hr@disabilitypositive.org

We'd love to hear from you.

Lynne Turnbull
Chief Executive Officer

Who are we?

We are Disability Positive.

We are a charity based in Cheshire and work mostly in the North West. We love working with others who think like us.

We provide services, opportunities and a voice to people living with disability and long-term health conditions and their families.

We have services to help people with everyday life, being part of their local community and looking after their own wellbeing.

We can offer advice, help with practical tasks and advocate for people in lots of different situations.

We listen and share people's experiences to influence positive change in government policy.

We know it matters, because we live with disability and long-term health conditions too.

Our Values

- **Positive:** It's not just our name, it's how we approach every challenge and opportunity.
- **Collaborative:** We don't believe we can do everything ourselves; we love working with others who think like us.
- **Representative:** We are here to be the voice of people living with disability and long-term health conditions.
- **Ambitious:** We are not going to change the world without thinking big.
- **Trustworthy:** We need to be a place where people feel safe and can come freely for honest and impartial advice and support.

The social model of disability is the starting point for everything we do and is the idea that people are not disabled by their condition, but by a world that doesn't meet their needs.
